## **CONTINUING PROFESSIONAL DEVELOPMENT**

### **Training calendar for 2023**

Greetings small animal veterinary practitioners,

Following the grand success of the first hands on training - basic surgery, we glade to introduce the second hands on training modules.

#### **CSAVA's main objectives are**

1. To implement minimal practice standards (align with VCI recommendations)
2. To update veterinary small animal practice skills through Hands on CPD, lectures and seminars,
3. To provide assistance for start up veterinarians,
4. To nurture, popularize and organize the concept of referral and speciality practices
5. To focus on welfare of Small Animal practitioners

The first of its kind CSAVA -CPD modules are aimed at providing supportive learning small environment wherein veterinarians can learn, practice and discuss on basic veterinary practices of soft tissue Surgery, Internal medicine & Gynecology for this training year (2023) with a minimal number of participants in batches to create a one to one teaching concepts.

This CPD with wet labs will be coordinated by eminent senior teaching faculties with focus on teaching veterinary practice skills with to inculcate and refresh basic veterinary practice skills and upgrade practical confidence levels.
